RABIES INCIDENT

UNION TOWNSHIP

RESIDENTS In the area of: BAPTIST CHURCH ROAD

Cat Tested Positive for Rabies

A stray male kitten tested positive for rabies on August 4, 2015.

Description: male calico, white, brown, and black stripe – lived on Baptist Church Road of Union Township.

Area residents who may have had contact with this cat any time between July 21, 2015 to August 4, 2015 should notify their Primary Care Physician immediately or the Hunterdon Medical Center Emergency Room to discuss concerns, re: possible exposure and the need for post exposure prophylaxis treatment.

It is important to remember not to pick up stray animals at any time. Saliva from infected animals should be considered infectious.

All owners of cats, dogs and livestock should have the vaccinated against rabies through their veterinarian or through municipal rabies clinics.
